Side By Side

Questions for my
foster carer...

Will I stay here with you forever?

Staying here forever, I just don't know.
But we will find out together and our learning will
grow.

Right now we stand
side by side,
with safe arms open
wide.

Will I live with my
family?

Living with your family, I
don't have the answers right
now.

But together we'll figure it
out, I promise, somehow.

Right now we stand
side by side,
with safe arms open
wide.

Will I live with
my brothers and
sisters?

You have an
important question,
and I'm not quite
sure.

Let's take a moment,
let's both explore.

Right now we stand
side by side,
with safe arms open
wide.

Will I be safe with you?

This question I can be sure,
with me you are safe and secure.

Close your eyes tight,
let your worries take flight.

For in your heart,
you're safe tonight.

Right now we stand
side by side,
with safe arms open
wide.
